*Substance of Interview*

Examiner and Applicant's representative discussed potential amendments to the claims that could possibly overcome the presently cited prior art rejections. Examiner mentioned that the proposed amendments overcome the cited portions of the prior art references that have been relied upon in the previous office action. However, Examiner also noted that further consideration of the applied references would be required, as would a further search of the prior art. Applicant's representative stated that amendments and/or arguments would be forthcoming and Examiner agreed to consider any such amendments and/or arguments in due course.
